MESSAGE FROM *Organizing Secretary*

Dear Colleagues, Friends, and Distinguished Delegates,

It gives me immense pleasure and pride to welcome you to NSICON 2026, held as part of the 75th Year Celebrations of the Neurological Society of India, in the vibrant city of Ahmedabad.

As we celebrate this significant milestone in the history of our Society, we envision NSICON 2026 as a platform that transcends the boundaries of a conventional scientific meeting. Our objective is to create an enriching environment where knowledge, innovation, collaboration, and professional camaraderie converge to advance the field of neurological sciences.

The scientific program has been meticulously designed to bring together eminent national and international faculty, accomplished clinicians, researchers, educators, and young neuroscientists. Through state-of-the-art lectures, interactive discussions, hands-on workshops, debates, and cutting-edge scientific presentations, we aim to foster meaningful academic exchange and inspire new perspectives in patient care, research, and education.

Ahmedabad, India's first UNESCO World Heritage City, offers an inspiring backdrop for this landmark gathering. Renowned for its rich heritage, entrepreneurial spirit, and warm hospitality, the city reflects the perfect balance between tradition and progress. We are confident that beyond the academic experience, delegates will enjoy the unique cultural vibrancy and welcoming spirit of Gujarat.

Organizing an event of this magnitude is possible only through the collective efforts of countless individuals. I extend my sincere gratitude to the leadership of the Neurological Society of India, the Executive Council, the Board of Education, our faculty members, sponsors, partners, and the dedicated organizing committee whose commitment and enthusiasm continue to drive this endeavor forward.

On behalf of the entire organizing team, I warmly invite you to join us in Ahmedabad for what promises to be an exceptional celebration of scientific excellence, professional networking, and lifelong friendships. Together, let us shape the future of neurological sciences and make NSICON 2026 a truly memorable milestone.

We look forward to welcoming you to Ahmedabad.

With warm regards,

Dr. Sandip Shah
